

Voip Hub Terms and conditions

You must not deactivate your existing service when porting. Telephone numbers can only be ported while active. You can only withdraw your authority to port this telephone number(s) before the electronic cutover advice has been sent to your current service provider, which will be on or after the preferred cutover date specified in this form. VoIP Hub provides no guarantee that it can port your telephone number(s) from your current Service Provider. Your current Service Provider may reject this port request if the information you provide is incorrect or does not match the data held by them. In this case you authorise VoipHub to correct the information and resubmit the request to port your telephone number(s) or dispute the rejection by your current Service Provider. A porting request may also be rejected for other reasons as stated in the LMNP industry code. VoipHub provides no guarantee that the telephone number(s) will be ported within any specified timeframe. Porting hours of operation are 9 am - 5.30 pm (NZT) Monday to Friday, excluding national public holidays. Cutover times can only be initiated at least 3 business days after the porting notification advice is sent by VoipHub to your current Service Provider. If a port request is rejected and needs to be resubmitted, cutover cannot take place for at least another 3 business days after the request is resubmitted. In the event of a port, withdrawal or reversal, VoipHub is not responsible for any period of outage. You may have outstanding contractual obligations and or port-out costs owed to your current Service Provider. VoipHub is not liable for any costs that may occur with your current Service Provider. Only your telephone number(s) will be transferred to VoipHub. This may result in the loss of any value added services that are associated with the service provided by your existing Service Provider (eg Voicemail, ADSL, line hunt, fax etc.). If you wish to port your telephone number(s) from VoipHub to another Service Provider, then you must contact the gaining Service Provider. VoipHub reserves the right to charge a fee for porting your telephone number(s) to or from VoipHub. Local and mobile number portability (LMNP) does not guarantee you can keep your telephone number(s) if you move to a different geographic location or if your number(s) are 'out of area number', or you attempt to port your telephone number(s) to a PSTN or fixed line service.

0800 Number porting

The Porting of your 0800 service will be conducted in conjunction with New Zealand Telecommunications Forum (TCF) via TNAS Limited, a joint venture company, which operates the Toll Free Number Portability system. If you wish to port your service number(s) from VoipHub to another supplier, then you must contact the gaining service provider. Porting from VoipHub to another supplier will be conducted in accordance with the TNAS business rules and any other bilateral arrangements. The porting of your 0800 telephone service will be subject to the terms and conditions of the Standard Form of Agreement of your CSP. In order for VoipHub to port your service number(s) you must complete and sign the Port Request form. In accordance with the TNAS business rules, a request for porting shall be deemed invalid if: - Mandatory information supplied is illegible, inaccurate or missing - The form is not signed by an authorised person - The form is not dated The Port Request form must be fully completed by the customer and is valid for 60 days. If your service number(s) are inactive at the time of the porting by VoipHub you must notify VoipHub as soon as the phone number(s) become active. VoipHub is not responsible for settling your final account with your current service provider, porting of your number(s) will not automatically close your account. Monthly access subscription fees and call charges are applicable on the submission of the porting.
